Helwan University – Cairo, Egypt

Bachelor's Degree in Computer Science (2023 – Expected 2027)

- Current GPA: 3.17 (Very Good)
- Relevant coursework : Introduction to Computer Science, Data Structures, Object-Oriented Programming (OOP), Algorithms, System Analysis, Software Engineering, Database Systems

Licenses & certifications

Fullstack .NET Web Development Track (In Progress)

Digital Egypt Pioneers Initiative – DEPI

Issued: *June 2025*

Projects

Charity Management Platform

Team Project – Faculty of Computers and Artificial Intelligence, Helwan University

Developed a full-stack web application to manage donation records, beneficiaries, and campaign tracking. Focused on building a structured and user-friendly interface for admins and fundraising managers.

Technologies used: PHP, SQL Server, HTML, CSS, JavaScript, Bootstrap

CS College Portal

Team Project – Faculty of Computers and Artificial Intelligence, Helwan University

Designed the frontend for a university portal system to manage student data and course structures. Emphasis was placed on responsive design and intuitive user experience.

Technologies used: HTML, CSS, JavaScript

Cafe Ordering System

Team Project – Faculty of Computers and Artificial Intelligence, Helwan University

Created a frontend interface for a small-scale cafe ordering system with a focus on visual presentation and ease of use for customers.

Technologies used: HTML, CSS, JavaScript

Skills

C#	Git
ASP.NET Core	GitHub
Entity Framework	Problem Solving
SQL	Teamwork
HTML5	Self-Learning
CSS3	Visual Studio
JavaScript	Debugging
Bootstrap	English (Reading/Writing – Intermediate, Speaking – Good)

Extracurricular activities

Member : Hashira Club – Helwan University
