Profile Summary

Motivated Computer Science student specializing in Full Stack .NET Web Development, with hands-on experience in developing dynamic and responsive web applications using ASP.NET, C#, SQL Server, JavaScript, HTML5, and CSS. Gained practical experience through academic team projects and training programs. Also experienced in building scalable Microservices architectures using Spring Boot and RESTful APIs. Detail-oriented, quick to learn, and able to perform well under pressure in collaborative environments.

Internships & work experience

Fullstack .NET Web Development Trainee

Digital Egypt Pioneers Initiative (DEPI) – Cairo, Egypt (Hybrid)

June 2025 – December 2025 (6 mos)

- Enrolled in an intensive, hands-on training program in Fullstack .NET Web Development, provided by DEPI in collaboration with the Ministry of Communications and Information Technology (MCIT).
- Gaining practical experience in developing scalable web applications using Microsoft technologies and modern development practices.
- Technologies and tools covered:
 - C#, ASP.NET Core, Entity Framework
 - SQL Server, LINQ
 - HTML5, CSS3, JavaScript, Bootstrap
 - Git (version control), Agile methodologies

Education

Faculty of Computers and Artificial Intelligence

Helwan University – Cairo, Egypt

Bachelor's Degree in Computer Science (2023 – Expected 2027)

- Current GPA: 3.05 (Very Good)
- Relevant coursework : Introduction to Computer Science, Data Structures, Object-Oriented Programming (OOP), Algorithms, System Analysis, Software Engineering, Database Systems

Licenses & Certifications

Fullstack .NET Web Development Track

Digital Egypt Pioneers Initiative – DEPI

- ASP.NET Core
- C# Programming
- SQL Server
- Entity Framework
- RESTful APIs
- Frontend Development (HTML5, CSS3, JavaScript)

Core Java Programming

MaharaTech – ITIMooCa

- Object-Oriented Programming (OOP)
- Java Fundamentals
- Exception Handling

Projects

Jeans for Jeans

Team Project

Built a scalable microservices-based e-commerce system using Spring Boot. Implemented service discovery with Eureka Server and centralized routing using API Gateway. Connected services asynchronously using RabbitMQ for message communication. Containerized services with Docker and deployed the system on AWS. Developed the frontend using React.

Technologies used: Spring Boot, Microservices, Eureka Server, API Gateway, RabbitMQ, Docker, AWS, React, REST APIs

Royal Hotel

Personal Project

Developed a hotel management and booking web application with a modern responsive interface and backend API integration. Worked on both frontend and backend development with focus on clean architecture and user experience.

Technologies used: ASP.NET Web API, TypeScript, HTML, CSS, JavaScript

Moharram Store

Freelance Project

Developed a responsive online store frontend with integration to Supabase for backend services and database management. Focused on product presentation and smooth user interaction.

Technologies used: HTML, CSS, JavaScript, Supabase

Vital House Card

Freelance Project

Developed a business card-style website that helps visitors quickly access important links and contact information through a simple and user-friendly interface. Focused on responsive design and accessibility across devices.

Technologies used: TypeScript, HTML, CSS, JavaScript

CS College Portal

Team Project

Designed the frontend for a university portal system to manage student data and course structures. Emphasis was placed on responsive design and intuitive user experience.

Technologies used: HTML, CSS, JavaScript

Cafe Ordering System

Team Project

Created a frontend interface for a small-scale cafe ordering system with a focus on visual presentation and ease of use for customers.

Technologies used: HTML, CSS, JavaScript

Skills

ASP.NET Core	Entity Framework
Spring Boot	Microservices
Docker	AWS
C#	SQL
Bootstrap	JavaScript
CSS3	HTML5
Git	GitHub
Self-Learning	Teamwork
Problem Solving	English (Reading/Writing – Intermediate, Speaking – Good)

Extracurricular activities

Member : Hashira Club – Helwan University
